
The
FOLD
Expect the unexpected...
NOT YOUR AVERAGE
COUNTRYSIDE VENUE.

What kind of place is this?

The Fold is a family-run, food-led countryside venue near Newark, Nottinghamshire, created for weddings and celebrations that feel personal and relaxed with a sprinkle of magic on the side...

We host a small number of events each year, by choice.
One at a time.
So your day gets the space, care and attention it deserves.

THE FOLD
WHERE THE MAGIC HAPPENS

How it works

Planning your wedding shouldn't feel like project management. We don't start with rigid briefs or templated packages, we start with ***conversations.***

Bring your ideas, fully formed, half-baked or "this might sound mad but..." and we'll make them work beautifully in the space. From the first conversation to the final details everyhting is shaped around what feels right for you.

The jackpot? You get the benefit of a big teams experience, with the personal touch only a small team can deliver. We'll guide you when it matters and step back when it doesn't.

Because behind every effortless day at The Fold is a team that ***really*** knows what they're doing.

People often tell us,

"I didn't even know how to explain what I wanted... but *this* is it."

The spaces

The Fold isn't one room dressed up six different ways.
It's a collection of spaces, each designed for a special moment.

Where it all begins. Fizz flowing, guests mingling and the buzz of up to 150 of your favourite people all in one place. From welcome drinks, to the dance floor and a few stylish stops at the Baa Bar, this space keeps the good times moving.

Sitting at the heart of The Fold and tucked beneath the willow, a naturally beautiful space for the most romantic part of your day. With birds in the trees and your people gathered around you, it's where your celebrant-led ceremony unfolds, written entirely for your story.

Where the day begins to open up. Natural, full of atmosphere and the perfect setting for your relaxed drinks reception. With space for little ones to run free, garden games to be enjoyed and photo opportunities everywhere it offers a beautiful seasonal backdrop from every angle.

The perfect place to gather everyone to dine. It's a space that can effortlessly adapt to your vision. Comfortably seating 80 guests on long or round tables.
As the evening unfolds, The Den transforms. The lights dim, the energy shifts, and when the disco ball starts to spin, the space comes alive, ready for a proper party to round off the day.

One of the joys of The Fold is that you can shape the day to suit you. Choose to dine here under The Cart Shed and save The Den for later, letting it transform into a space purely for your party. Or use The Cart Shed your own way...think laid-back acoustic sets, backdrops and photo moments, drinks flowing from our booze bath, or simply a space to gather, sit back, and soak it all in as the evening rolls on.

A playful nod to our resident sheep, is the Baa Bar. It's unexpected, a little decadent, and full of personality. Step inside and you'll find a bar serving an array of carefully crafted drinks. From local gins and beers to cocktails we're well known for. Everything is thoughtfully chosen to keep the good times flowing.

Fancy something different?

We got you...

For larger celebrations or a different dining vibe, you can choose to add a marquee in The Meadow. Light-filled and set within the natural surroundings, it offers a fresh take on your dining space, while keeping a seamless connection to the rest of The Fold.

You're free to shape the flow...dine here, use The Den later, or mix the two. Marquees are arranged through us with our trusted suppliers and are available as an additional option to your venue hire.

THE FOLD

MADE FOR GATHERING

Food at the Fold

Food matters here. *A lot.*

The Fold is home to Andrew and the Hensons Catering team, with decades of experience delivering weddings and events of every shape and size. Big ones. Small ones. Loud ones. Quiet-but-special ones.

This isn't venue catering.
It's food with something extra special.

Menus are designed around how you want the day to ***feel,*** generous, relaxed, celebratory, using local suppliers and home-grown produce wherever possible. From kitchen-garden vegetables and fruit to honey from our own bees, the land plays an active role in what ends up on the table.

Think...

- **Tasty canapes**
- **Themed feasts**
- **Banquet buffets**
- **Sit-down meals**
- **Picnics and sharing boards**
- **Afternoon teas**
- **Late-night comfort food**

And if you don't see what you're looking for, let's get creative!

Thirsty?

We hear you..

Because the best celebrations are always shared over a well poured drink...

From your first toast to the last pour of the evening, our drinks offering is designed to feel effortless and generous. Choose from carefully considered packages, flexible drinks tokens, or a fully stocked bar that keeps everything flowing just as it should.

Expect a thoughtful selection of wines, beers, and spirits, with many sourced from local producers, alongside signature cocktails created just for your day. Whether you're leaning towards something refined and classic or relaxed and free-flowing, everything can be tailored to suit the atmosphere you want to create.
